Description

Step into the elegant world of Dorothy Louisa, a 60ft traditional stern narrowboat crafted in 2008 by the renowned Reeves boatbuilders, with a premium interior fit-out by Milburn. This stunning vessel is a true testament to British boat-building excellence—combining timeless design, functional layout, and high-quality materials to create a warm and welcoming home on the water. Whether you're seeking a comfortable liveaboard or a refined holiday cruiser, Dorothy Louisa delivers both charm and practicality in equal measure.

Inside, the interior exudes a sophisticated yet homely atmosphere, thanks to the use of Maple panels trimmed with Ash hardwood throughout. The craftsmanship is immediately apparent, with carefully finished joinery and a clever layout that makes excellent use of the space on board. Light and airy, the boat benefits from opening skylights in both the lounge and dinette areas, allowing natural light to flow freely and creating a spacious, uplifting environment ideal for relaxing or entertaining guests.

One of the standout features of Dorothy Louisa is its two-bathroom setup—an unusual and highly practical addition for a narrowboat of this size. At the stern, a compact bathroom features a Thetford cassette toilet for quick and easy use, especially during cruising. The main bathroom, located mid-boat, is fully equipped with a Jabsco pump-out toilet, full-size shower cubicle, vanity unit with basin, and heated towel rail. There is also ample storage with an under-sink cupboard and a full-height cupboard beside the shower, providing everything you need for comfortable extended stays aboard.

The galley is both stylish and highly functional, offering everything a boater needs for home cooking. Featuring a stainless steel sink, freestanding oven with grill and 4-ring hob, and a comprehensive range of under- and over-counter cupboards, the kitchen also includes an integrated 12V Shoreline fridge and freezer, with a second integrated fridge—perfect for stocking up on provisions and entertaining onboard. With the dinette just steps away, mealtimes are a relaxed and enjoyable experience.

The lounge area is located at the bow, where double doors open onto a seated cratch area—an ideal spot for morning coffees or evening drinks. The lounge features L-shaped seating that can be easily converted into a double bed or dinette space, offering versatility for families or guests. A TV corner unit and Desmo fittings in the floor allow for large or small tables to be positioned as needed, making this space both cosy and flexible.

The master bedroom is positioned centrally and includes a clever extending bed with generous storage beneath. Overhead cupboards, twin reading lights, a very large wardrobe with shelving, and an additional large cupboard provide exceptional storage options—an essential for long-term living or extended cruising.

Whether you're planning scenic weekend escapes or embarking on a life aboard, Dorothy Louisa is ready to welcome you aboard for your next adventure.
