BOAT SALES

LAKELAND LEISURE ESTATES

Description

Built by the esteemed Kingsground boat builders in 2007, Morse is a beautifully finished, high-spec 67ft cruiser stern narrowboat designed for comfort, style, and extended living aboard. Offering a thoughtfully designed layout and crafted with quality materials throughout, Morse is the ideal choice for anyone seeking a luxurious liveaboard lifestyle or unforgettable adventures on the UK's inland waterways.

Moored at the picturesque Caen Hill Marina, just moments from the iconic Caen Hill Locks in Wiltshire, this impressive boat is perfectly situated for weekend escapes or full-time living. Whether you're looking for a tranquil floating retreat or a well-equipped continuous cruiser, Morse promises to deliver on every front.

Starting at the stern, Morse opens into a private double bedroom featuring a fixed full-size bed with ample storage underneath and a built-in wardrobe. A private en-suite bathroom with a pump-out toilet and sink provides added convenience and privacy, making this space a comfortable retreat at the end of the day.

Next, step into a dedicated study area, thoughtfully equipped with office furniture and storage. Whether you're working remotely, managing travel plans, or simply need a quiet corner to read or journal, this compact office area brings added versatility to life aboard.

The main bathroom is fitted with a full-height shower cubicle, pump-out toilet, a sink with vanity storage, and a heated towel rail—offering all the comforts of a modern home in a stylish, compact design.

The galley is equipped with everything you need to cook and dine comfortably on board. It features a brand-new full-size LPG gas cooker, new Swan 12V fridge with freezer box, a full-sized stainless-steel sink, and plenty of cleverly integrated storage throughout—perfect for preparing everything from simple breakfasts to full evening meals.

Adjacent to the galley is the dinette, where an elegant oak table seats four with ease and cleverly converts into a comfortable double berth for guests. Underneath, you'll find a spacious storage area, ideal for bedding and essentials.

At the bow, the light-filled saloon offers an inviting L-shaped seating area with built-in under-seat storage and a corner unit for additional stowage. It's the perfect spot to relax, read, or entertain while enjoying views of the waterway.

Morse is an outstanding example of craftsmanship, comfort, and thoughtful design. With 4 berths, 2 bathrooms, and a versatile interior layout, she's suited to a range of lifestyles—from weekend cruisers to full-time liveaboards. Her cruiser stern offers extra outdoor space for relaxing, steering, or socialising on warm days, and her mooring at Caen Hill Marina adds a special charm thanks to the scenic surroundings and vibrant boating community.

If you're seeking a well-appointed, ready-to-cruise narrowboat that blends practicality with charm, Morse could be the perfect match.
