BOAT SALES

LAKELAND LEISURE ESTATES

Description

On Reflection is a beautifully maintained 55ft cruiser stern narrowboat offering a charming combination of traditional craftsmanship and modern upgrades. Built by the renowned Reeves Boat Builders and expertly fitted out by Bob Mitchell, this vessel is ideal for liveaboards, leisure cruising, or extended holiday breaks on the waterways.

Having recently undergone a full professional repaint taken back to bare steel — a £12,000 investment — On Reflection gleams with pride and promises long-term durability. Her robust Beta Marine 43hp engine, complete with a hospital silencer, ensures quiet and reliable cruising, while two solar panels support off-grid living.

The galley is thoughtfully designed with generous countertop space and ample storage throughout. Cooking is made easy with a Thetford 4-burner gas hob, oven, and grill, while a 230v Indesit under-counter fridge keeps food and drinks cool. Whether you're preparing a quick snack or a full evening meal, this space delivers efficiency and functionality.

The lounge is a true retreat, offering two plush armchairs, perfect for relaxing beside the diesel stove on colder days. Complete with a TV and Blu-ray player, this area provides comfort and entertainment after a day's cruising.

The dinette area is both comfortable and multi-functional, offering a great space to dine, work, or relax. It conveniently converts into a single or double bed, providing additional sleeping arrangements, and includes built-in storage below for added practicality.

At the stern, the fixed double bed is surrounded by smart storage solutions including wall-mounted cupboards and two large drawers beneath. It's a peaceful and practical space that makes excellent use of the boat's interior layout.

The bathroom features a modern walk-in shower enclosure, a wash hand basin with mixer tap and vanity unit beneath, and a Thetford cassette toilet. It's a bright, fresh, and practical space that supports both comfort and functionality.

With its quality build, recent investment in maintenance, and thoughtfully designed interior, On Reflection is a turnkey cruiser stern narrowboat offering comfort, style, and dependable cruising power. Ideal for anyone seeking an exceptional floating home or a memorable adventure on Britain's inland waterways.
